

*Success in golf depends less
on strength of body than upon
strength of mind and character.*

WHAT MAKES
INDO ASIA
.....special

VISION

To become the leading ground operator in the region and our clients’ best Partner, always providing the best possible product, with the highest quality of services, and demonstrating faithfully our commitment towards social and environmental responsibility.

BRAND PROMISE

To provide memorable journeys in India with inspiring itineraries, breathtaking locations, and expert leaders that are socially and environmentally responsible, thereby satisfying the needs of our clients and always exceeding their expectations.

UNIQUE, HANDCRAFTED JOURNEYS

Every Indo Asia Tours itinerary is the result of careful planning by our tour managers. Our home office team will help choose the right trip and provide assistance on how to best prepare for the journey. While on the trip, our expert and professional guides will help hone skills no matter what the level of experience is.

INDO ASIA & GOLF

Indo Asia ventured into Golf with the aim to provide impeccable golfing in addition to fine travel experience to golf connoisseurs. Indo Asia Golf division endeavors to design and host custom-made luxury golf trips for individual golfers, groups, business organizations and prestigious golf clubs in India. We take pride in crafting bespoke golf tours at the most coveted golf courses intertwined with stays at distinguished properties while travelling in comfort and luxury. In addition, we have thoughtfully developed ready-made itineraries to match our clients' needs that are available as-is or can be tweaked to suit individual preferences.

How We Do It

We recognize that each one of our esteemed clients is unique with special aspirations. That's why we endearingly tailor your golf trips with our top-of-the-line travel and accommodation services. Considering that our associate golf courses span the most exquisite locales across the country, your preferred destinations for dining, shopping and recreating come in gratis. We work by understanding your requirements and activating our extensive network in golf clubs and premium hotels where we are able to secure the best tee times and accommodation at competitive prices.

WHAT WE DO

To begin with, our Golf Travel Consultants assist you in chalking out an overall plan comprising your choice of golf courses. Based on these inputs, we work out the most suitable alternatives for accommodation and transport. This information is put together and presented in a Golf Travel Proposal based on your feedback. If required, we go back to the drawing board and work passionately until your perfect voyage is sketched out. Subsequently, we secure tee times, request caddies or carts, reserve accommodation, book restaurants and arrange for transport.

Why You Might Need Us

Our local knowledge and extensive network of contacts make us the ideal partners to plan and deliver your perfect golf tour. If it's your dream to play the most exclusive game, we guarantee that elusive tee time. We're experts in our field and our in-depth knowledge of the courses you'll play in, the restaurants you'll eat in and the hotels you'll stay in, will ensure that your tour with Indo Asia Tours will be your best ever.

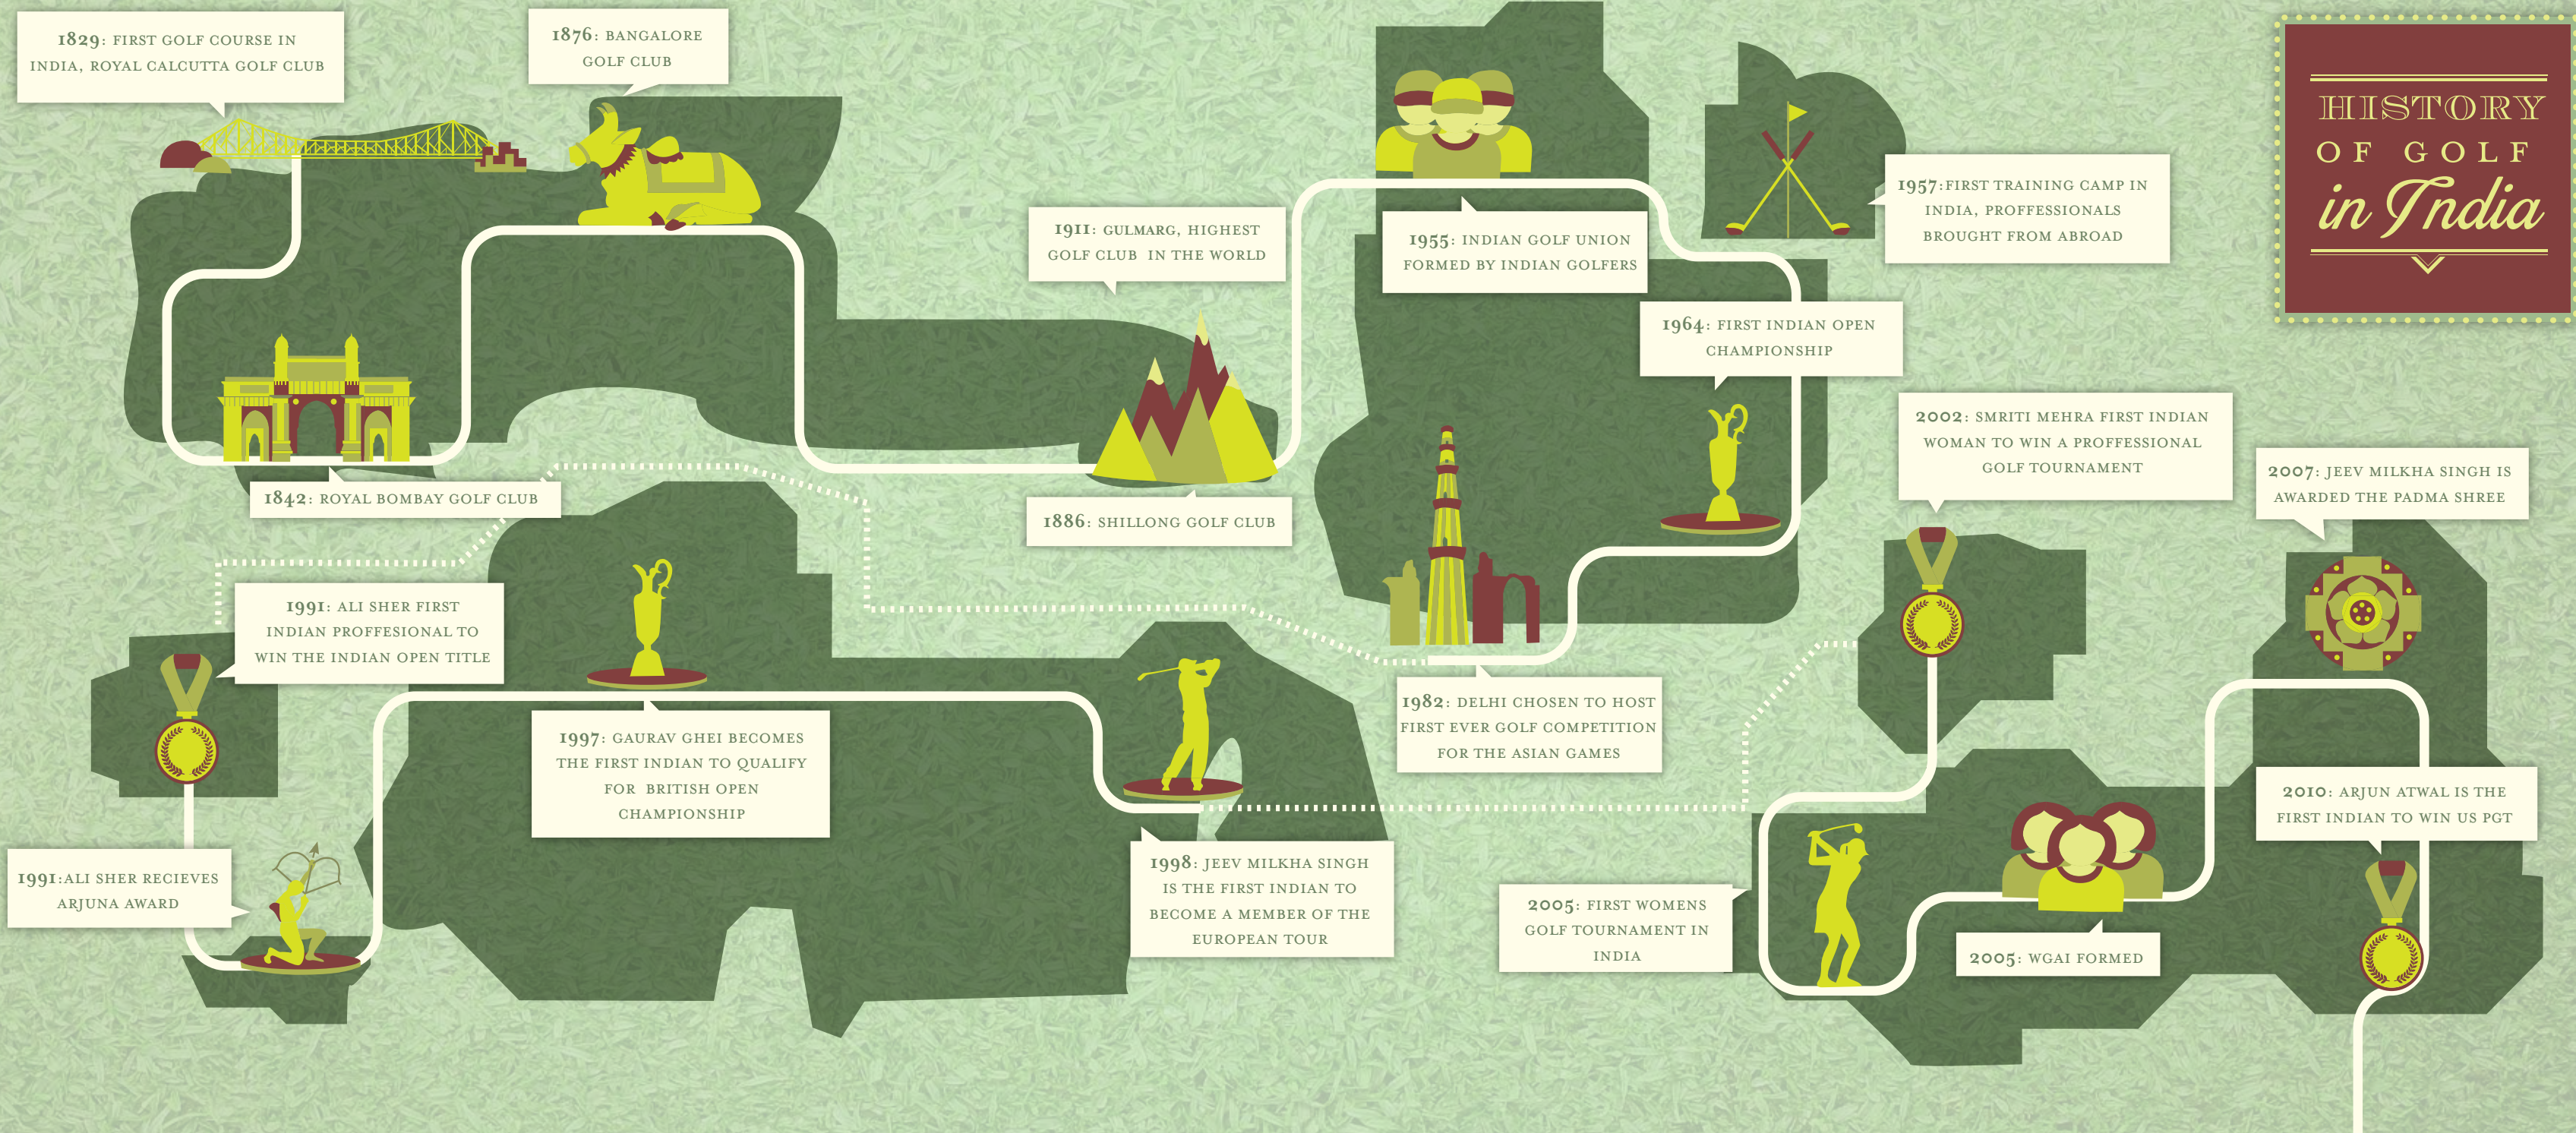

A glimpse of Golf history and how it used to be played.

The Golf club is always a piece of art.
Wood made it look even classier

Golf was played using various types of
balls depending on the terrain.

*India has a long history with golf dating back to 1829
when The Royal Kolkata Golf Club was established as the
first ever club outside of Great Britain. Since then India's
love for the game has only intensified!*

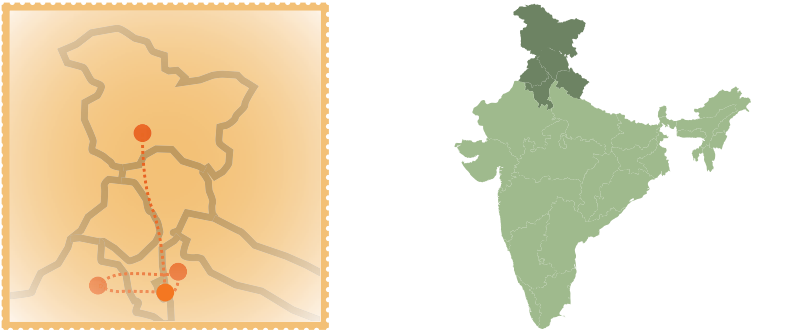

Golfing in India is exciting due to the range of its courses. Apart from having the oldest golf club in the world outside of Great Britain, it has the highest one too – The Gulmarg Golf Course at 8700 ft which is now incidentally also the longest course in the country at 7505 yards. Mountains, plains, deserts, beaches – In India you can play golf at the most breathtaking sites and each has special uniqueness in history and culture.

At Indo Asia, we seek to bring you this distinctiveness. Through our hand-picked golf destinations and travel itineraries we promise you an unmatched golf experience coupled with exclusive hotel stays sure to match your dream holiday!

Jaypee

GREENS

Part of a 430 acre plus community, the 7347 yard Jaypee Greens Golf course complex is a combination of a championship 18 hole, Par 72 Greg Norman design course and a pretty 9 hole, Par 3 layout designed by Graham Cooke and Associates. Operational since June 2000, the Jaypee Greens Greg Norman golf course is very long with plenty of hazards - both water and bunkers. The visually striking bunkers are reminiscent of the classic Melbourne sand-belt courses. The course landscaping includes open and closed woodlands, shrub lands, wetlands and wild grass areas. The course has 88 bunkers, water in plenty and with strong winds can be a handful. With a large member community, the course has grown in stature over the years and has staged quite a few tournaments on both the Amateur and Professional circuit.

Royal Springs

GOLF CLUB

With the Zabarwan Hills in the background and Dal Lake around the corner, the Royal Springs Golf Course is easily one of the most stunning and breathtaking golf courses you would play in India. The course is spread over 300 acres of rolling hills, native deciduous forest, lakes, wilderness with the occasional marsh. Don't be surprised if you spot the rare Hangul lurking in the thickets. The course was built out of a forest and has huge changes in undulations and scenery making it a pleasure to play on. The Royal Spring Golf course (RSGC) is located close to the Mughal Garden, Chashma Shahi, at the foothills of Zabarvan hills and overlooks the tranquil Dal Lake. Expect your ball to travel atleast 10% further on this course. The biggest challenge is handling the rough on this course & reading the lines & slopes on the greens. A tip we picked up – if you are putting in the direction of the hills – it is often a uphill putt even if it looks downhill! That could save you a few 4 putts.

FACT SHEET

V

Pahalgam

GOLF CLUB

This Ranjit Nanda designed, hill station course will take your breath away with its sheer beauty and design. This has to be on your list of courses to play on. Set in the pretty town of Pahalgam and surrounded by soaring, fir-covered mountains with bare, snow-capped peaks the course is set in a large bowl shaped expanse. At an altitude of 7250 plus feet, the ball will travel a good 8% further but that does not make this course any less challenging. The breathtaking beauty of the course is enhanced by the snow capped hills that tend to lull you into a state of exhilaration and get your adrenalin pumping. The course is long, has changes in elevation that make for a dramatic game, has water in play on 6 holes, has bunkers of all sizes and shapes and has its fair share of hazards and OB areas making it a course that will test your skills, strategy and patience. The greens are fast and true with bent grass. With the clean, pure and re-vitalizing air of Pahalgam for company this is the closest you will get to attaining nirvana while playing your game.

Willingdon

SPORTS CLUB

Located in the heart of the city, opposite the race course and close to the Haji Ali circle, the Willingdon Sports Club is one of the old British era clubs. It was built in 1933 by Lord Willingdon, the then Governor of Mumbai. Today the club boasts of an 18 hole golf course plus a pool, 6 tennis courts, squash and badminton facilities and a health club. Located adjacent to the race course it is centrally located. With a mature tree cover, the course is an oasis of green surrounded by tall skyscrapers and the contrast is sometimes jarring. While it is a very short course at only about 4500 yards, it offers its own set of challenges - tight fairways, hazards galore and fast greens. The course boasts of the highest number of grass bunkers of any course in the country & a lot of visiting golfers are often at their wits ends when playing out of them. With only one Par 5 hole it might seem like a cakewalk for the pro's, but play a round here & you will be surprised with how challenging the course can be.

Year built	1933
Holes / yardage / par	18 holes , 4635 yards, Par 65

II

Presidency

GOLF CLUB

It all began in 1927, with the founding of a rather mundanely named club “The New Club Ltd.”, at Sewree on reclaimed land belonging to the port trust. The ground was over grown with weeds and it was difficult to cut the long grass, so it was not very difficult for Mr. Carron, the chief engineer, to persuade the trust to sell 100 acres of it for the purpose of golf at a monthly rental of Rs. 150/-. In 1937, 25 acres were purchased from St. Anthony’s Home Co-operative Society for Rs. 37,000. In 1943, a large tract of land to the left of the Club House was requisitioned by the Military authorities to house the officers and the men of ‘Combined Operations’. The land was to be de-requisitioned and given back to the club, had it not been for Mr. Morarji Desai - by then probably the Chief Minister, who on hearing of this passed orders for it to be acquired immediately on behalf of the Government. This became a home for the refugees from Sind, whose descendants are still neighbors across the wall which was built later. Mr. T.W. Brough, President of the Club from 1948 to 1950 sold some more land at much less than the market price, a truly generous act.

III

Aamby Valley

GOLF CLUB

2700 feet above sea level, nestled in the hills, set over a 10,000 acre project development, the Aamby Valley Golf Course is often spoken about in hushed tones. No wonder it had been voted and judged as the top course in the country in 2005 and is a must play course. It's a course which challenges you to think and play each hole. Immaculately maintained with world class training and practice facilities, the course is a visual delight. Located within the Western Ghats and spread over 250 acres, the 18 hole championship course is a 7087 yard, Par 72 layout designed by David Hemstock (UK). The front 9 has a different DNA from the back nine – with hazards running across the fairways. The back 9 has more water bodies in store. There is a plethora of wildlife – expect a variety of birds, peacocks and the occasional deer. With a world class clubhouse, pro shop & a training academy the Aamby Valley Golf Course is an experience which is unique.

IV

Oxford

GOLF CLUB

Pune's latest golf course, this 18-hole, 7020 yard, Par 72 championship course, designed by Australia's Pacific Coast Design, is Part of a large integrated township. The Oxford Golf and Country Club (OGCC) won Asia's "Best Maintained Course in Asia Pacific 2012" as Second Runner Up and also won the "Best Course in India – First Runner Up Award 2012." The course is built on 136 acres of land that is Horseshoe shaped and surrounded on 3 sides by the Sahyadri Hills that give the course a stunning aura. Magnificent maintenance standards ensure that the greens and fairways are always in the best of shape. Sparkling bunkers with gleaming white sand twist & turn their way across fairways & alongside greens. Breeze is a big factor here & so are changes in elevation across the course. That coupled with the multitude of hazards & bunkers make this a challenging opportunity for most golfers. With some mature rough & hazards, it is a good idea for the first time golfer to carry a few extra balls – just in case.

Prestige
GOLF CLUB

Set in the backdrop of the picturesque Nandi Hills across 275 acres is Bangalore's most premium property, Prestige Golfshire Club is dedicated to perfecting the art of luxurious living and a culture of leisure. Measuring 7004 yards from the championship tees and employing the wild shape of link courses and a distinctive bunker style, this 18 hole course offers rugged beauty as well as a tough-but-fair golfing challenge. The course was built with undulating greens- several of which are two-tiered & deep, shapely bunkers. Vast lakes & streams run through the course providing challenging golf hazards as well as year round irrigation storage, ensuring that this golf course is one of the most luxurious in the country. This is India's first course to be managed by the Troon Golf company & you can expect exceptional service levels.

Eagleton
GOLF CLUB

A preferred course for some of the biggest amateur tournaments in and around Bengaluru, the Eagleton course is a pioneering golf course in many ways. Often voted as one of the best courses in India, the course even hosted a European Ladies Tour event. At 7100 yards, this Par 72, 18 hole championship course is a pleasure to play at, with changes in elevation, water hazards in play, 68 bunkers to avoid and a whole lot of mature tree line for company. The greens are TifDwarf Bermuda and play to between 8 to 9 on the stimp. During tournaments the speed goes up to between 10-11 making them a interesting challenge. The golf course at Eagleton is designed by Pacific Coast Design (PCD) & is created in a manner that ensures all golfers find the course a joy to play – the pros from the 7100 yard championship tees, do find it a challenge. The casual golfer similarly can play off the forward tees & still be competitive.

Rambagh

GOLF CLUB

The Rambagh Golf Club is a picturesque course strategically located. A game of golf here will transport you into the bygone days as you catch glimpses of the Rambagh Palace Hotel, The Moti Doongari and Nahargarh Forts and the Birla Planetarium. The origins of the Rambagh Golf Club date back to October 1944. Rajmata Gayatri Devi of Jaipur is the founder and was the life-long captain of the club. After she returned from Gulmarg in October 1944 from a holiday where she got keen on playing golf, she requested the permission of the late king to lay a course on the Rambagh Palace grounds for which he readily agreed. With the help of seasoned golfers, an interesting course was laid out. The Fairways were rough and full of burrs that would stick to players’ shoes and socks, the browns were true and good. More and more people wanted to learn to play golf and so Mr. H. Duckworth, a professional from Kolkata, was invited to coach them.

IV

Kalhaar

BLUES & GREENS

The Kalhaar Blues and Greens Golf course is India’s first Nicklaus Design Championship course and also has the distinction of being India’s longest golf course on the plains as it stretches to a massive 7425 yards from the Black Tees. The course has an inland links style feel to it with severe contouring, plenty of water in play, massive bunkering in all shapes and sizes, greens that are slick and sometimes severe with the curves and slopes. It’s a course which will get you the first time, will enthrall you when you play the second time and then get you addicted as you slowly see the subtleties that have gone into designing each hole. The project is built over almost 500 acres & has 801 villas. The golf course is a championship 18 hole, 7425 yard, Par 72 layout designed by Nicklaus Design. It is incidentally the toughest course in the country with a course & slope rating of 76.8 & 142. That means a scratch golfer from the back tees will play 4.8 over the course (76.8-72).

3 Essential steps

SHIP *your* CLUBS

- ▶ You can purchase a travel case for your clubs, either hard case or soft case with extra padding to protect your clubs.
- ▶ Look into shipping your bag it may be less expensive than checking in your clubs.
- ▶ There are services that are fully insured and guaranteed that collect your clubs and ship them directly to your destination.

DON'T *forget* TO PACK:

SPARE SPIKES

GOLF SOCKS

GOLF TOWELS

REPLACEMENT GLOVES

UMBRELLA

STROKE COUNTER

MEDICAL INSURANCE

- ▶ Look for a company that provides international medical insurance for your golf related travels.
- ▶ While travelling abroad your primary insurance may not be enough.

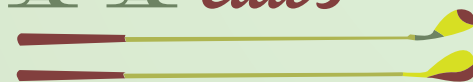

*What airlines
define as one piece
of golf luggage*

1 HARD CASE
or soft case
GOLF BAG
